2008

Dear Parents,

Education Queensland requires that parents provide permission for their child / children to access and use material on the Internet/Electronic Mail while at a state school. Following is permission slip that I ask for you to complete to allow the children in your family to access and use the Internet/Electronic Mail at school.

Please remember that children will only be allowed to access the Internet/Electronic Mail at school under teacher supervision.

✂-----

I allow my child / children

- _____
- _____
- _____
- _____
- _____

to access and use the Internet/Electronic Mail while at Ballandean State School. I understand that appropriate supervision will be provided.

Signed parent/guardian

Please return to school
